- Accommodation before and after safari
- Airport transfers unless arranged separately
- Entry visas and travel insurance
- Laundry and personal expenses
- Tips and gratuities
- Balloon safari, if requested

Itinerary

Arusha to Northern Serengeti (Kogatende Area)

Day 1

Meals: Breakfast, Lunch, Dinner | Accommodation: Baobab Luxury Camp or Similar

After breakfast, your safari begins as you travel toward the Northern Serengeti, one of the most beautiful and rewarding areas of the park. The north is known for open plains, river valleys, peaceful landscapes and excellent wildlife viewing, especially during the Great Migration season in the northern plains. For the driving safari, this will be a long scenic journey through the Ngorongoro highlands and Serengeti plains, with packed lunch and wildlife viewing along the way. For the flying option, you will take a scheduled flight from Arusha to Kogatende Airstrip, where your safari guide will meet you and continue with an afternoon game drive. Dinner and overnight will be at Baobab Luxury Camp in the Northern Serengeti

Full Day in Northern Serengeti

Day 2

Meals: Breakfast, Lunch, Dinner | Accommodation: Baobab Luxury Camp or Similar

Today is dedicated to exploring the Northern Serengeti with your private safari guide. The area offers excellent chances for wildlife encounters, including predators, elephants, giraffes, buffaloes, antelopes and many bird species. During the right season, this region is also one of the best places to follow the Great Migration movement across the northern plains and river valleys. Your guide will

plan the day according to wildlife movement and your preferred pace. You may leave with a packed lunch for a full day of game viewing or return to camp for a more relaxed lunch before continuing in the afternoon.

Day 3

Northern Serengeti to Central Serengeti

Meals: Breakfast, Lunch, Dinner | Accommodation: Serengeti Sametu

After breakfast, leave the Northern Serengeti with a packed lunch and enjoy a scenic game-drive transfer toward Central

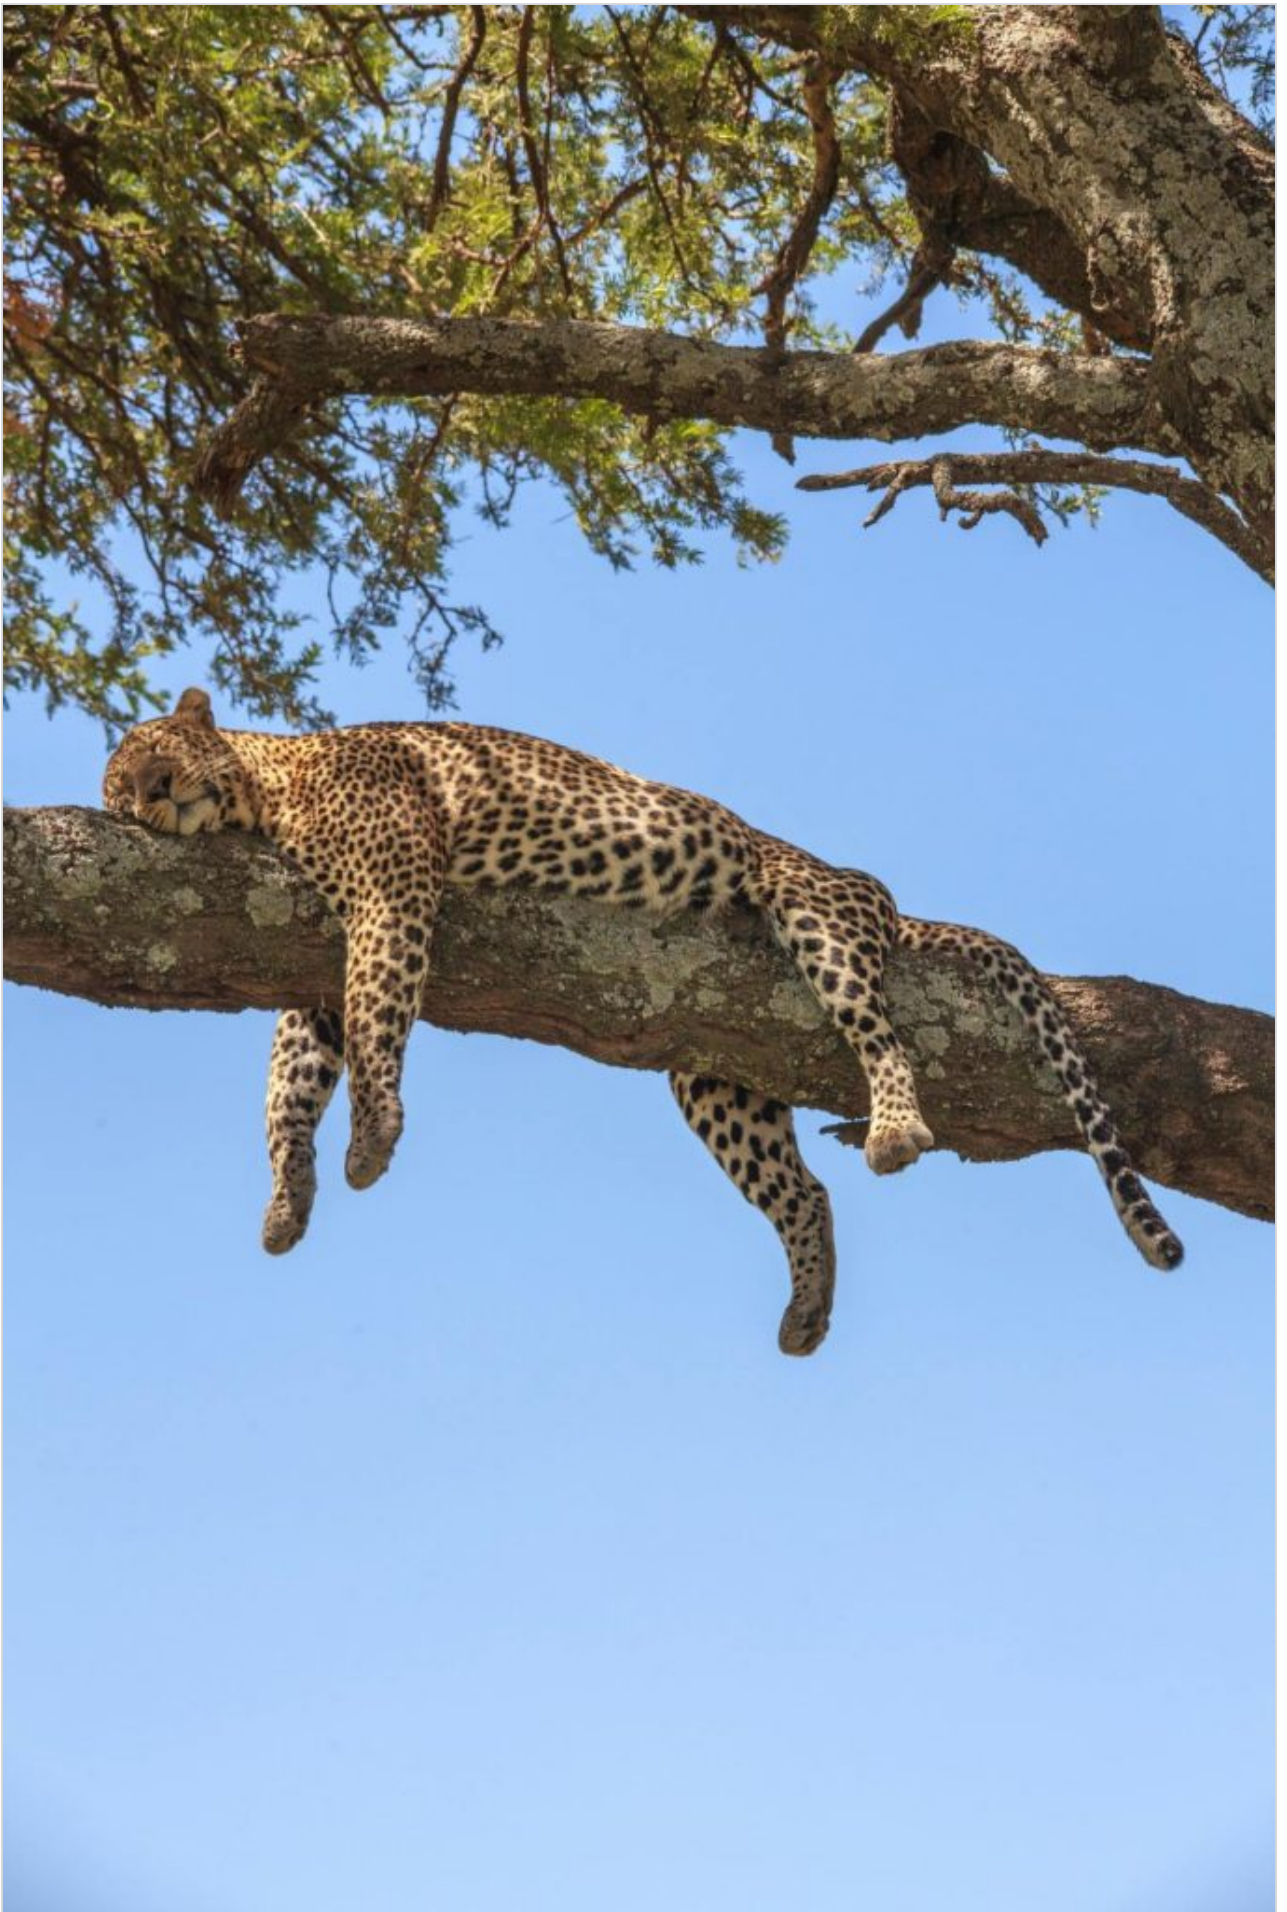

Serengeti. The journey allows you to experience the changing landscapes of the park, from northern river valleys and open plains to the productive central Seronera region. Central Serengeti is one of the most reliable wildlife areas in the park. The Seronera River and surrounding plains attract a wide variety of animals throughout the year, including lions, leopards, elephants, giraffes, buffaloes, zebras and many birds. Arrive in the late afternoon for dinner and overnight at Serengeti Sametu.

Central Serengeti to Ngorongoro Conservation Area

Day 4

Meals: Breakfast, Lunch, Dinner | Accommodation: Ngorongoro Ang'ata Camp or Similar

After breakfast, enjoy a final morning game drive in Central Serengeti before starting the journey toward the Ngorongoro

Conservation Area. The Serengeti and Ngorongoro landscapes are not separated by fences, so wildlife can still be seen along the route. Depending on the season and animal movement, your guide will choose the best possible route for game viewing as you travel south through the Serengeti and into the Ngorongoro highlands. You will arrive in the Ngorongoro area for dinner and overnight, ready for the crater experience the following morning.

Day 5

Ngorongoro Crater to Arusha

Meals: Breakfast, Lunch

After breakfast, descend about 600 meters into the Ngorongoro Crater for a memorable game drive. The crater is one of the most rewarding wildlife areas in East Africa and offers a strong chance of seeing a wide variety of animals in a relatively small area. The crater floor is home to buffaloes, zebras, wildebeest, gazelles, elephants, lions and, with luck, the rare black rhino. It is also one of the best places in Tanzania to look for the Big Five during a single game drive. After lunch and the crater experience, you will ascend the crater walls and drive back to Arusha, where your safari ends.

Frequently Asked Questions

Why should I book this 5-day Northern Serengeti fly-in safari?

This safari is perfect if you want to spend less time on long road transfers and more time enjoying wildlife inside the Serengeti. You fly from Arusha to Kogatende in the Northern Serengeti, meet your private guide, and begin your safari with an afternoon game drive.

What makes the fly-in option better than driving?

The fly-in option saves travel time and gives you a smoother start to your safari. Instead of spending most of Day 1 driving from Arusha to Northern Serengeti, you fly to Kogatende and start game viewing sooner.

Is this safari good for the Great Migration?

Yes. During the right season, the Northern Serengeti and Kogatende area are among the best places to follow the Great Migration. Wildlife movement and river crossings are natural events, so sightings cannot be guaranteed, but this itinerary puts you in one of the strongest areas for migration viewing.

What areas will we visit during this safari?

You will visit the Northern Serengeti, Central Serengeti and Ngorongoro Crater. The itinerary includes 2 nights in Northern Serengeti, 1 night in Central Serengeti and 1 night near Ngorongoro.
